August 27, 2007

To Whom It May Concern:

My office has recently had the pleasure of working with Image America on an extensive scanning project. During this venture, Image America worked graciously with our office schedule and staff. They were willing, at all times, to extend whatever measures to complete the task. Therefore, the end result was excellent.

It is with delight to make this outstanding recommendation for Image America. If you have any further questions, please do not hesitate to ask.

Sincerely,

Brenda D. Bell
